VITA

600x1200mm
Glazed Vitrified Tiles

COLLECTION — 2025

Excellence starts with details.

At Colortile, we believe that true excellence lies in the details. Every element of our Vita Collection, from texture to tone, is meticulously crafted to elevate your space. The collection brings forward the subtle beauty of surface design with an unparalleled sense of authenticity, reflecting the care and precision behind every piece. The thoughtful attention to detail transforms ordinary spaces into extraordinary ones, whether it's the intricate patterns, textured, structured effects, or natural finishes.

Our commitment to quality is evident in each tile, as we understand that the smallest details can make the biggest impact. From concept to creation, every series in the Vita Collection has been carefully curated to meet the demands of contemporary design while staying true to our core values. With Colortile, it's not just about the tile; it's about the precision, craftsmanship, and vision we bring to life.

Allow us to introduce you to
a collection that

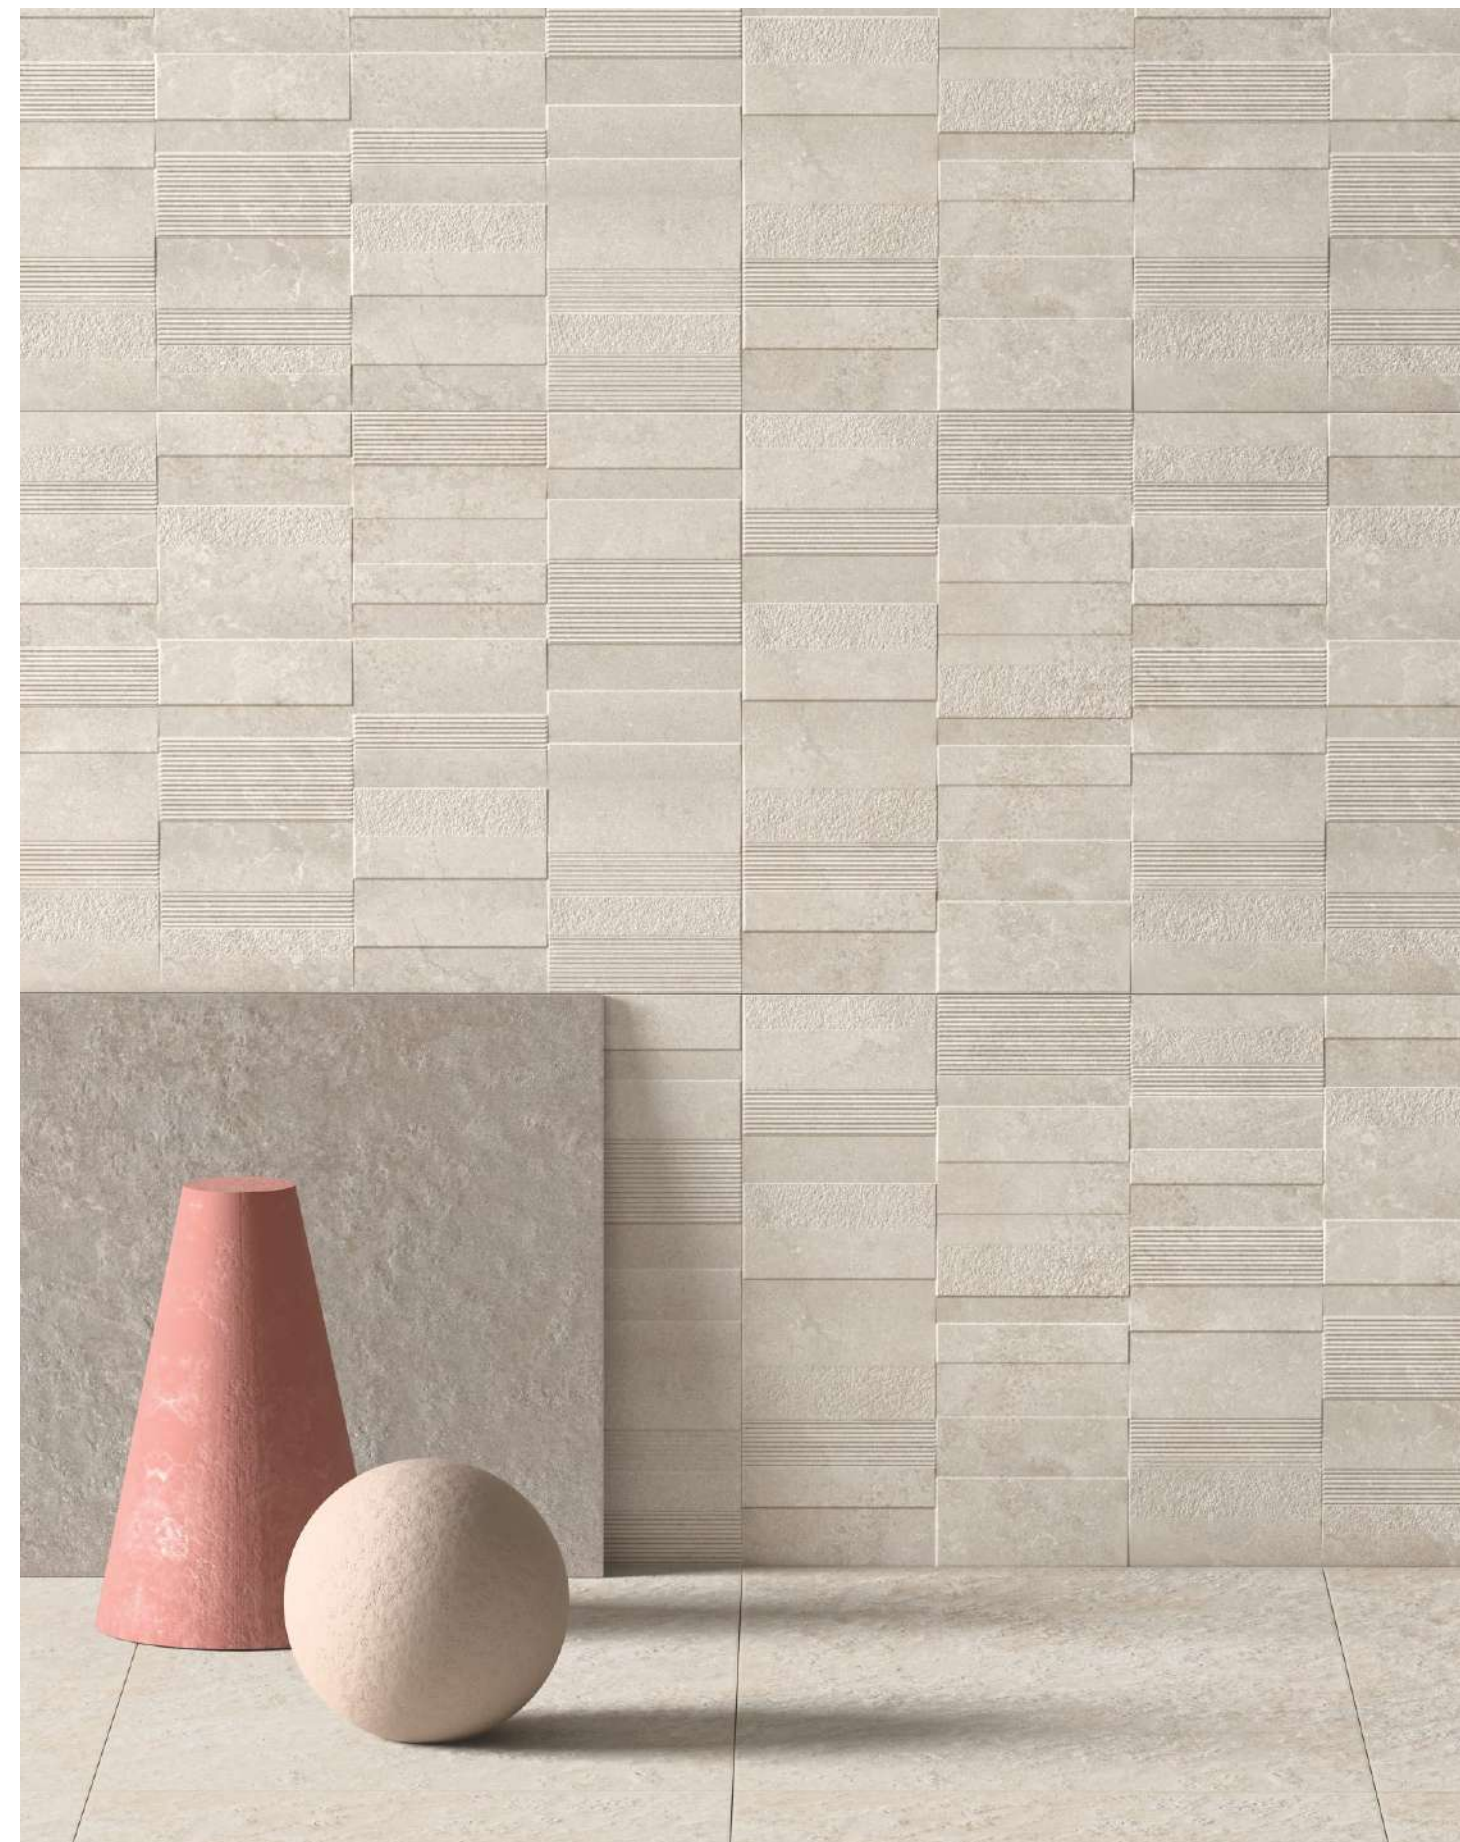

Fosters an ambiance that mirrors distinct styles.

The collection converges design and
functionality, offering three series that
speak to different tastes and sensibilities.

The Vita Collection is a harmonious trio of tiles—each
series a masterpiece in its own right, yet together, they
form a unified narrative of style, craftsmanship, and
innovative design. This curated selection brings the
finest surface textures to life, offering an immersive
experience for every space.

Urban Concrete, Chevron, and Lunar are the three
series in the collection - each offers distinct visual
appeal, complemented by various colors and textures
that promise to transform interiors. Each series speaks
to a different facet of modern design, but they all are
committed to craftsmanship and detail.

About
Collection

A natural color palette.

The collection offers a carefully curated color palette that draws from natural, timeless tones suited to various interior styles. The Urban Concrete Series takes inspiration from muted, earthy tones, the Chevron Series brings in natural wood shades, and the Lunar Series draws from the celestial world.

Each color is selected to enhance the texture and craftsmanship of the tiles, giving every space a refined yet understated look. Each series's exceptional range of colors enables you to choose the perfect match for your space.

The collection offers two sizes - 600x1200mm and 600x600mm. These sizes offer aesthetic flexibility and practical benefits, making them ideal for various applications. Whether outfitting large spaces or creating smaller, intimate areas, the sizes available and benefits of the collection complete your spaces.

Sizes/ Benefits

Glazed
Vitrified Tiles

2 Sizes | 26 Colors | 1 Surface

Attributes & Benefits

 Long Durability	 Easy to Clean	 Impact Resistance	 Easy Installation
 Hygienic Surface	 Fire Resistance	 Chemical Resistance	 Thermal Shock Resistance
 Frost Resistance	 Low Water Absorption	 Dimensional Stability	 Crazing Resistance

Range of Possible Applications

 Residential	 Commercial Building	 Hotel, Café & Restaurant	 Industry
 Hospital	 Airport	 School & College	 Spa & Wellness Centre
 Gymnasium	 Hall & Corridor	 Super Market & Mall	 Religious Place

The Origin - Pure Materials.

The journey of the Vita Collection starts with authentic minerals and raw materials sourced from nature's bounty. Each series is crafted with precision to honor the purity of these elements, ensuring that every tile is as natural as it is refined.

The foundation of great design begins with the materials. The authenticity of these minerals and materials gives the tiles natural texture and integrity. The craftsmanship behind each piece elevates the raw elements, transforming them into luxurious surfaces that add lasting beauty and value to any space.

Details - The Difference.

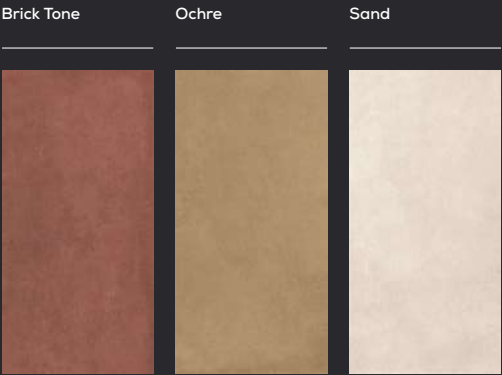

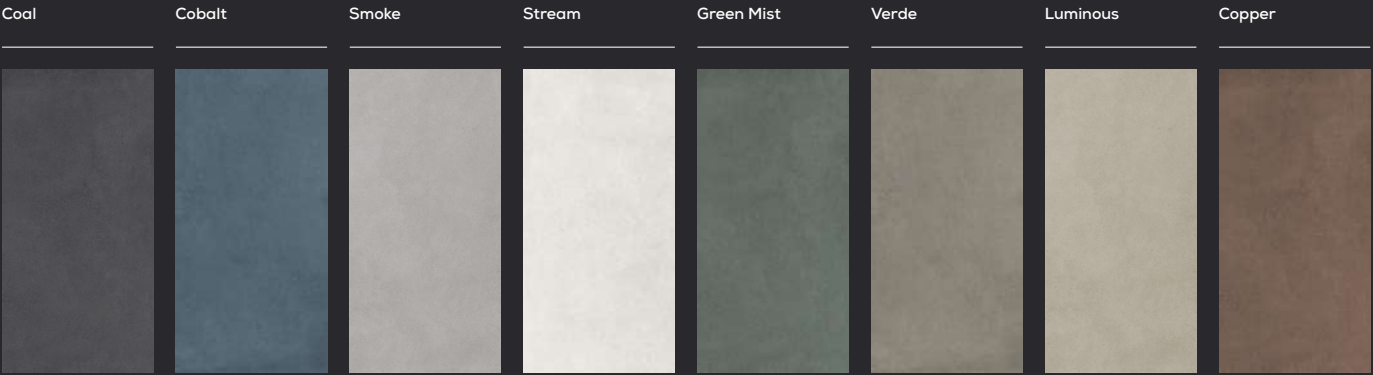

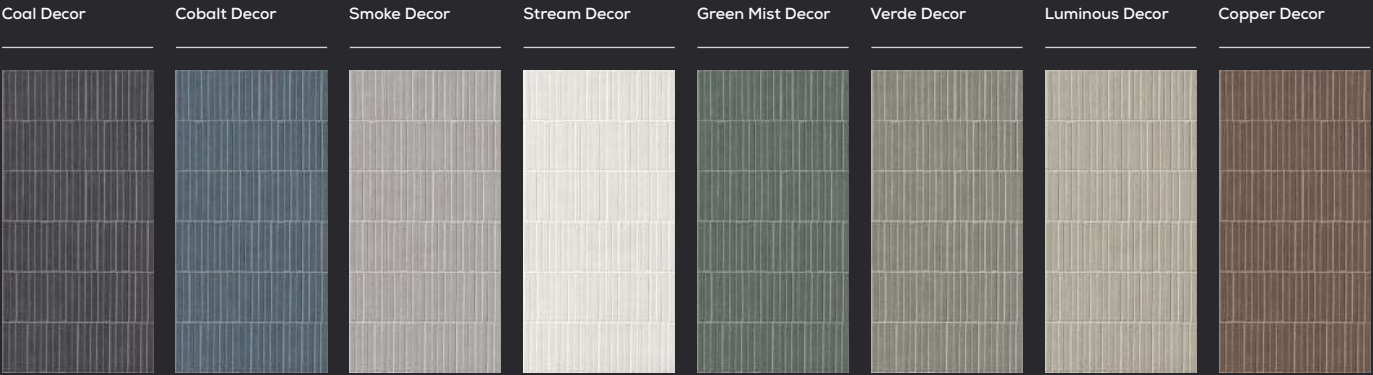

What truly sets Colortile's Vita Collection apart is the attention to detail that goes into every tile - where every piece is a testament to our commitment to craftsmanship. The intricate details in every surface define the personality of each series—whether it's the subtle imperfections or the delicate patterning of the wood-like textures in the Chevron Series.

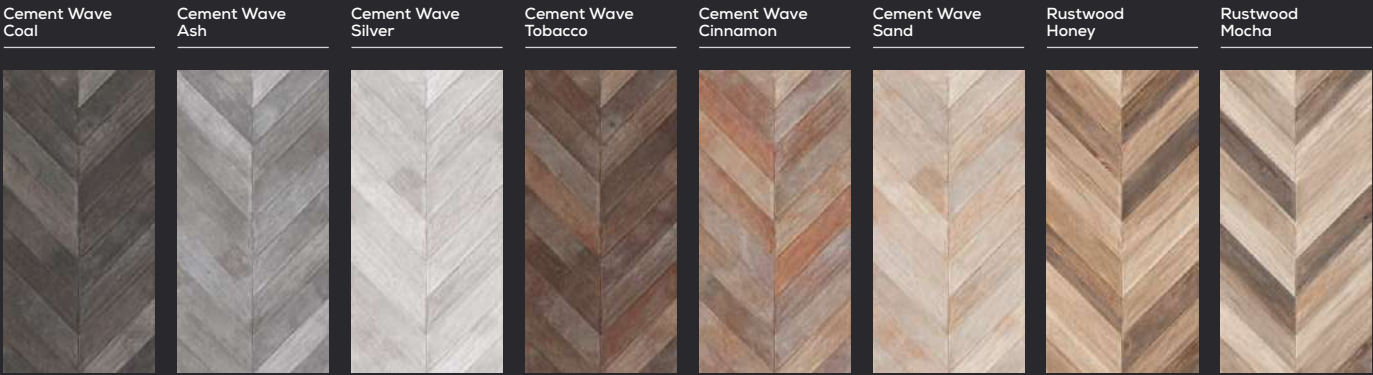

The difference lies in how these details come together to create tiles that don't just look good but feel good too. Through the craftsmanship of Colortile, each tile becomes an experience, not just a surface, offering texture and depth that enhances both the visual and tactile qualities of your space.

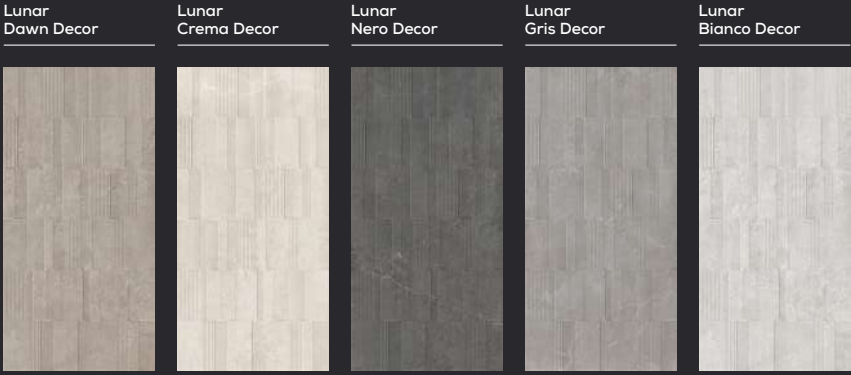

Urban Concrete

Chevron

Lunar

Emotion
evoking palette.

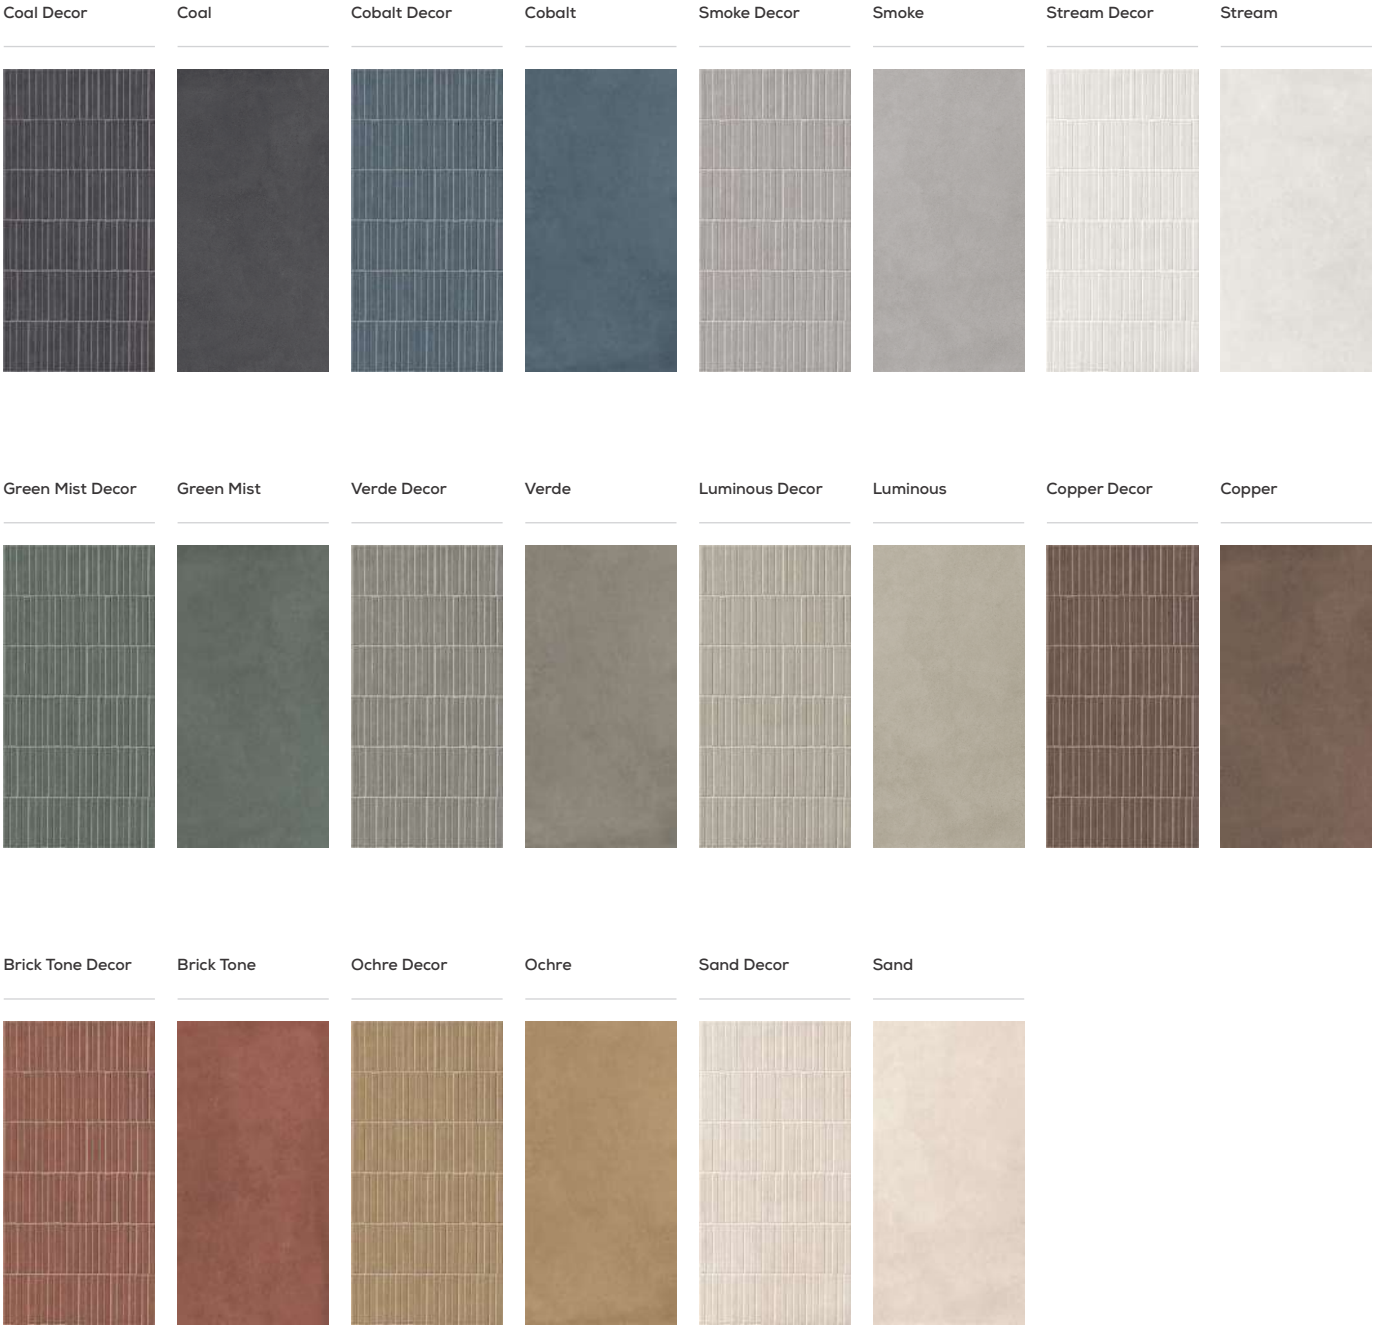

Urban Concrete

A tribute to the raw, unfiltered beauty of industrial design.

A tribute to industrial design's raw, unfiltered beauty, the Urban Concrete Series takes its inspiration from the rugged textures and raw appeal of cement and concrete. These surfaces are designed to mimic the weathered industrial environments of the modern world, with each piece reflecting the passage of time and the marks of urban living.

This series brings a sense of authenticity to interiors, offering a modern, gritty aesthetic that speaks of urban resilience and transformation. The Urban Concrete Series evokes a bold sense of character and individuality with its rich, rough textures and neutral color palette.

Chevron

Experience design
harmony and
perfect proportions.

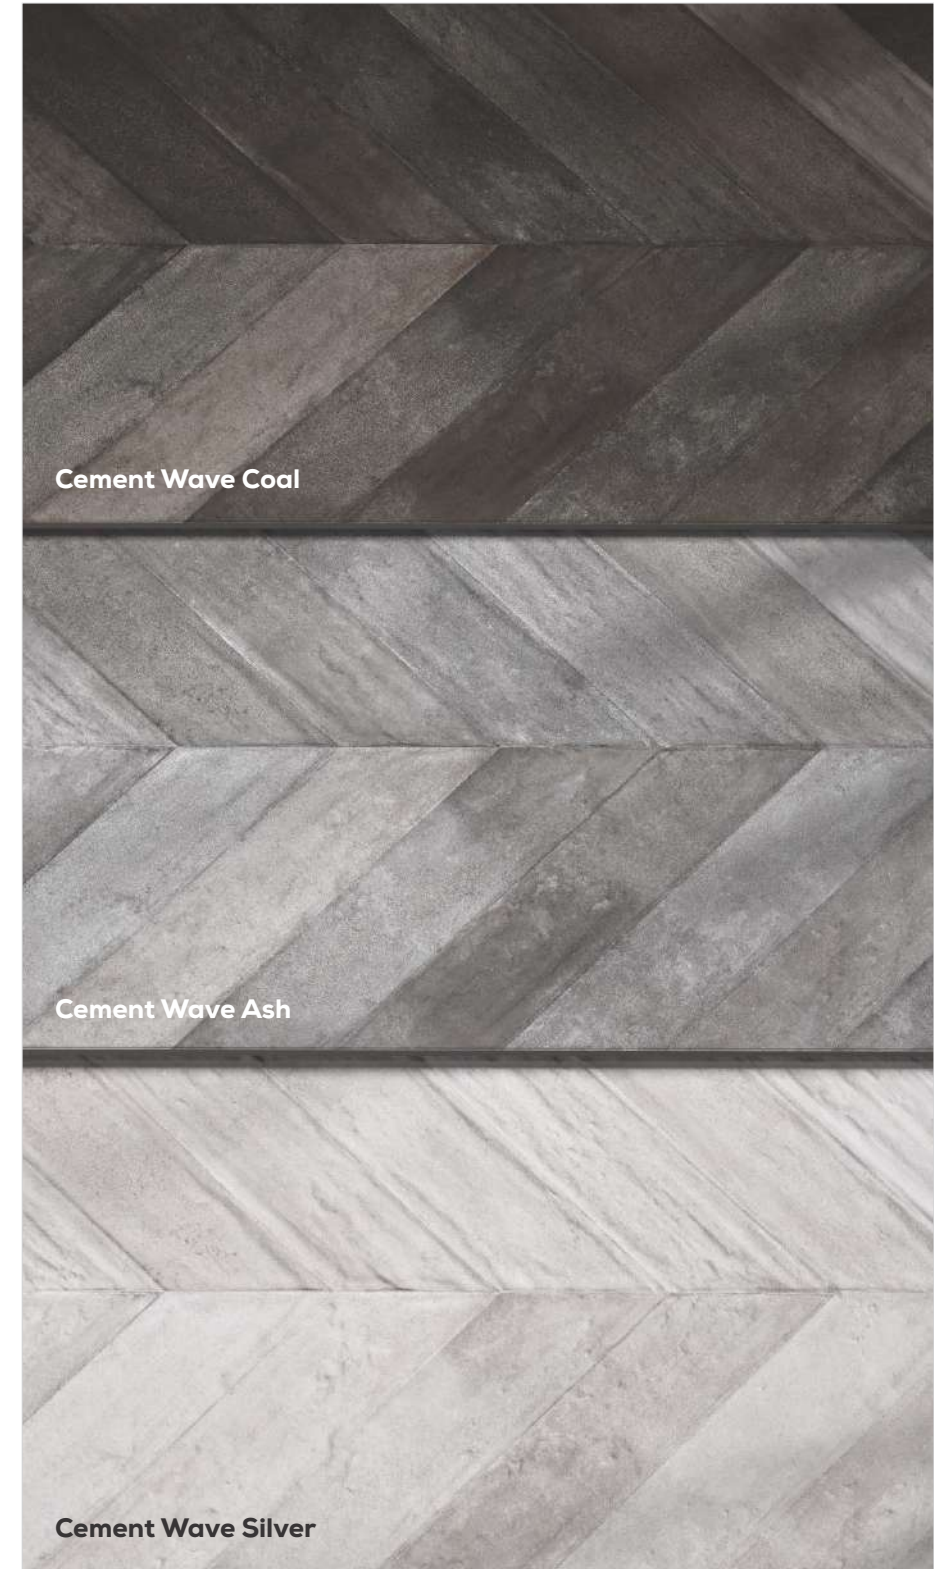

Experience design harmony and perfect proportions with the Chevron Series. Drawing from the enduring appeal of chevron patterns, the series translates the classic design's sharp, symmetrical angles and dynamic lines into a sophisticated surface that exudes style and structure.

The pattern creates a rhythm that adds visual interest and balance to any interior space. Whether used in large expenses as a feature element or as tiles for the floor and more, the pattern commands attention without overwhelming the senses.

Lunar

Deconstructing the classic with celestial inspiration.

Inspired by the ethereal beauty of the cosmos, the Lunar Series is a daring exploration of texture, tone, and celestial influence. This series draws from the moon's surface - its rough textures, soft glow, and otherworldly allure - blending a rich palette of soft, ethereal hues and intricate surface patterns to create a unique, dreamlike quality.

The Lunar Series evokes calm and tranquility, inviting you to immerse yourself in a serene atmosphere that transcends the ordinary. Its delicate textures mimic the moon's surface, creating subtle depth and intrigue, while the sophisticated tones bring warmth and quiet elegance to any interior.

Installation

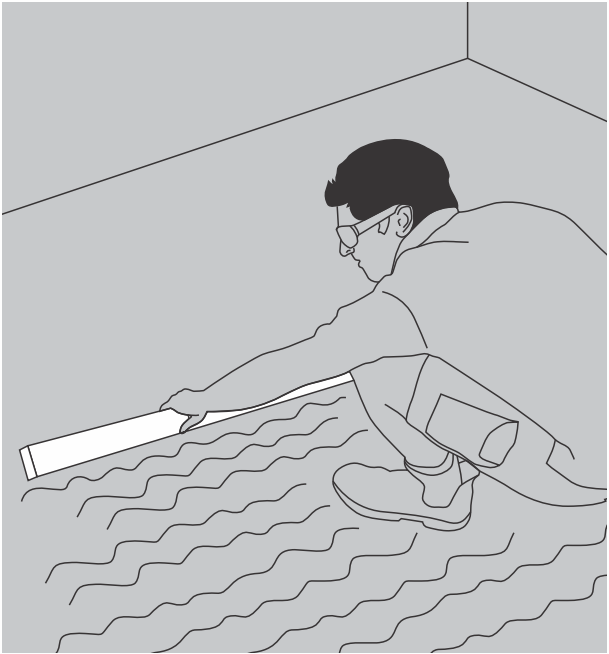

Step 1

Choose tiles that suit the room size and the style of your home. Smaller spaces are suited for bigger and pale-colored tiles to increase size and ventilation levels, but many kitchen and bathroom spaces have smaller tiles.

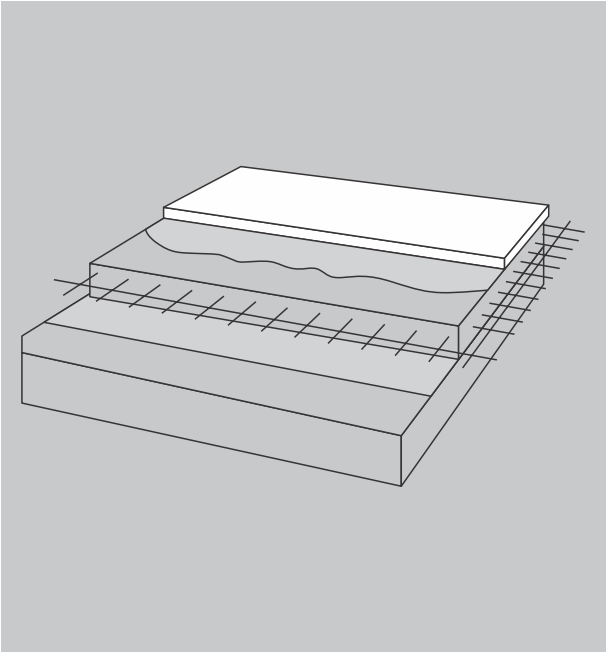

Step 3

Check that the surface is smooth and structurally sound before Begin tile fixing work and ensure the site has proper lighting and ventilation.

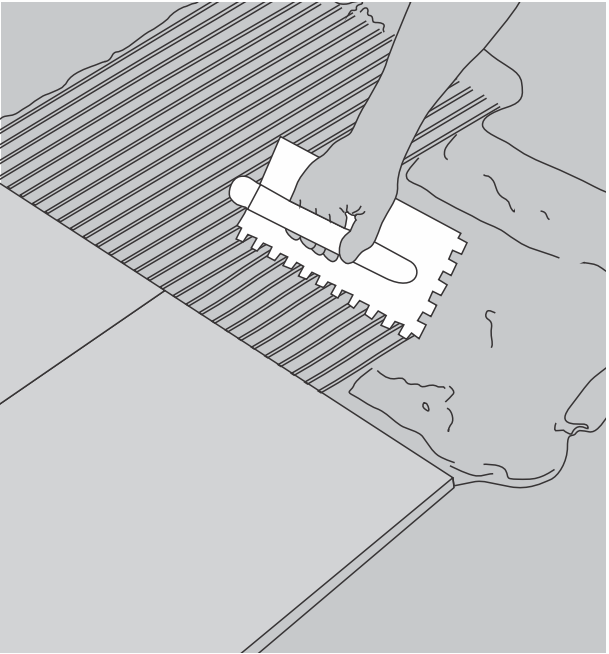

Step 2

Prioritize laying surface preparation through the proper soil layer compaction, subfloor leveling (PCC), completing brick and plasterwork, and waterproofing to protect your tiles from water seepage and long-term deterioration.

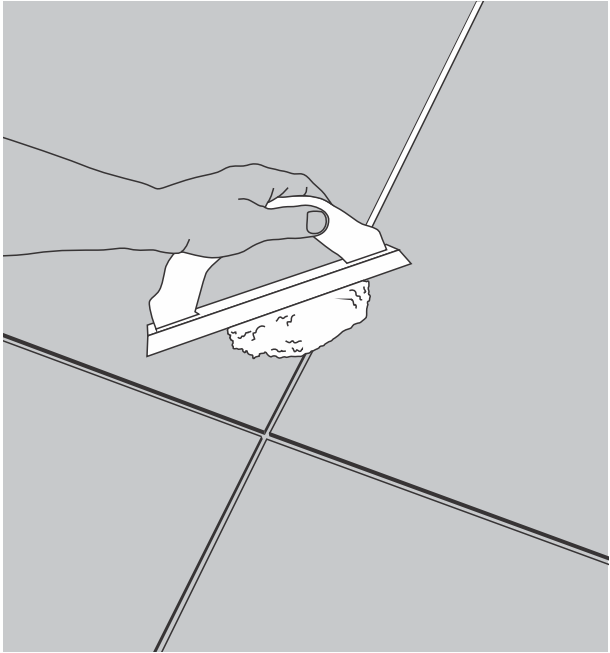

Step 4

Tiles should be set at right angles, and corners should not get bent. Prepare an adhesive (C2TE recommended > 2x2 tile size) plaster in advance by mixing water and mortar in a 1:6 ratio – follow this proportion to prevent cement joints from shrinking. Also, maintain minimal joints between two tiles and wipe off excess material.

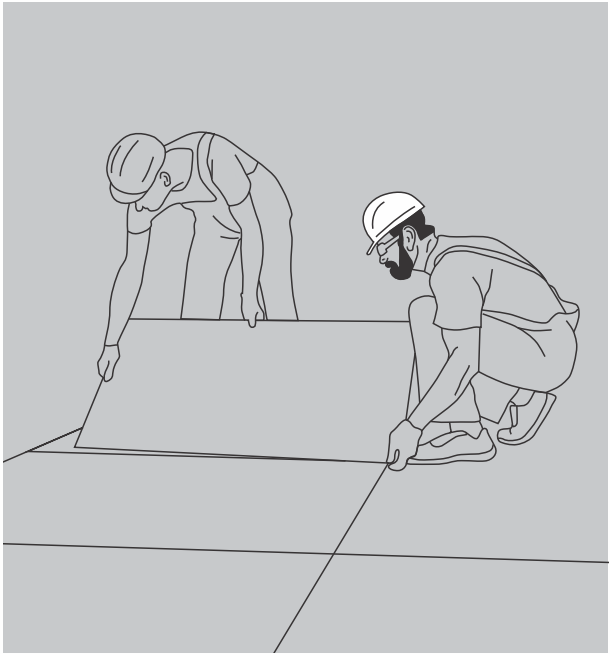

Step 5

Tiles should be placed equidistant to each other. Fill in joints with cement grout once installed.

Note :

- Conduct tile fixing work with proper supervision to prevent defects such as cracks, breaking, and de-bonding, which can later incur extra costs. Tiling expenses should be covered in one stage of your home building.

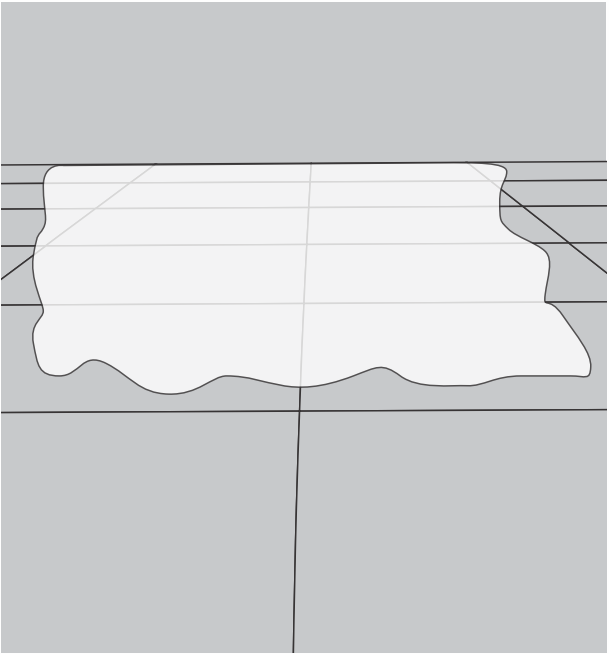

Step 6

Post installation, clean the tiling area with a wet mop and sweep the area. Floors with newly installed tiles should remain untouched for at least a week after fixing.

- Ensure that tiles are properly covered with fluted plastic sheets, plywood sheets, or P.O.P. during painting, electrical, or furniture work at the site to prevent any damage.

Cleaning & Maintenance

Type Of Stain	Chemical Product	Example
Grease	Alkaline - Solvent	Detergent
Oil	Solvent	Ammonia, Baking Soda
Ink	Oxidant - Solvent	Alcohol, Liquid Bleach, Nail Paint Remover
Rust	Acid	Hydrochloric Acid, Vinegar, Red Harpic
Lime	Acid	Descaling Reagent, Hydrochloric Acid
Cement	Acid	Hydrochloric Acid
Wine	Alkaline	Ammonia, Liquid Bleach
Coffee	Alkaline - Solvent	Ammonia, Liquid Bleach
Rubber	Solvent	Alcohol, Thinner
Plaster	Acid	Hydrochloric Acid
Candle Wax	Solvent	Alcohol, Thinner
Iodine	Oxidant	Liquid Bleach
Blood	Oxidant	Liquid Bleach
Ice Cream	Alkaline	Liquid Bleach

Our products are non porous (due to their high quality raw materials, stringent production parameters and state of the art technology), hence any dust or deposited waste cannot penetrate the surface. For most cases only a damp cloth is sufficient for cleaning. Regular cleaning highlights the aesthetic features of the surface and gives it exceptional shine. For highly aggressive cleaning caused by some common food and substances follow the table above.

Physical Properties	Water Absorption	UNI EN ISO 10545-3	Eb ≤ 0.5% Individual maximum : 0.6% (absorbed water mass)		Eb ≤ 0.1% (absorbed water mass)	
	Breaking Strength	UNI EN ISO 10545-4	Min. 1300 N		≥ 1700 N	
	Modulus of Rupture		Average minimum 35 N/mm² Individual minimum 32 N/mm²		≥ 37 N/mm²	
	Frost Resistance	UNI EN ISO 10545-12	Required		Compliant	
	Coefficient of Linear Thermal Expansion From Ambient Temperature to 100°C	UNI EN ISO 10545-8	Required		6 x 10 ⁻⁶ K ⁻¹ max	
	Scratch Hardness (Mohs scale)	EN 101	Declared by the producer		3 to 6 Depends on Finish & Color	
	Crazing Resistance	UNI EN ISO 10545-11	Declared by the producer		4 Cycle Pass	
Chemical Properties	Resistance to Staining	UNI EN ISO 10545-14	Minimum Class 3		5	
	Resistance to Household Chemicals and Swimming Pool Salts	UNI EN ISO 10545-13	Minimum GB		GA	
	Resistance to Low Concentrations of Acids and Alkalis		To be reported		GLA	
	Resistance to High Concentrations of Acids and Alkalis		To be reported		GHA	

Packing Details

Standard Pallet Packing

Pallet Type	Size	Thickness	pcs / Box	m² / Box	kg / Box (Approx.)	Box / Pallet	m² / Pallet	Pallet Size
A	600x1200mm	9.0mm	2 pcs	1.44 Sq. Mtr.	29.30 kg	68	97.92 Sq. Mtr.	1100x1100mm
B	600x1200mm	9.0mm	2 pcs	1.44 Sq. Mtr.	29.30 kg	26	37.44 Sq. Mtr.	675x1200mm
C	600x1200mm	9.0mm	2 pcs	1.44 Sq. Mtr.	29.30 kg	29	41.76 Sq. Mtr.	750x1200mm
A	600x600mm	8.8mm	4 pcs	1.44 Sq. Mtr.	28.5 kg	40	57.60 Sq. Mtr.	925x1100mm

Euro Pallet Packing

Pallet Type	Size	Thickness (Approx.)	pcs / Box	m² / Box	kg / Box (Approx.)	Box / Pallet	m² / Pallet	Pallet Size
A	600x1200mm	9.0mm	2 pcs	1.44 Sq. Mtr.	29.30 kg	54	77.76 Sq. Mtr.	800x1200mm
B	600x1200mm	9.0mm	2 pcs	1.44 Sq. Mtr.	29.30 kg	30	43.20 Sq. Mtr.	800x1200mm
A	600x600mm	8.8mm	4 pcs	1.44 Sq. Mtr.	28.5 kg	36	51.84 Sq. Mtr.	800x1200mm
