## Glazed Vitrified Tiles

**colortile**  
ceramics & innovation

**Made in India  
For the World**

What is design without art, what is art without imagination, and what is imagination without a little bit of inspiration? Behind every inspiration, imagination, art, and design lie a visionary. At Colortile, we believe in enabling those visionaries. Our state-of-the-art tile manufacturing facility is equipped to deliver everything you can think of.

We don't just specialize in making tiles, but this is all that we do. As a matter of fact, we have been making tiles even before the first iPhone was launched. We love making tiles, so much that we have been doing this 24x7x365 since 2007.

We have 4 ultramodern & fully automated manufacturing units, which include a fully certified and dedicated SACMI, Italy production unit. With a production capacity of 23 million square meters per annum, we are capable of handling orders of any magnitude.

One of our many specialties is the 600x1200mm variants of glazed vitrified tiles.

In this catalog, we bring you some of our finest designs and styles.

Co-creating the world with you,

## Speak through your surfaces

Based out of the tiles capital of India – Morbi, we personally don't speak as many languages, but, our tiles not only understand that language of your imagination but also help you express yourself in the best way possible. We take sheer pride in providing finishing touches to everything you create. Therefore, we spend months designing and years perfecting it

before delivering it to you. Our tiles are not just aesthetically stunning but also strong. They withstand thousands of degrees of heat and dozens of tests and quality checks before making it up to you.

Over the last decade and a half, over a billion people have touched our tiles.

The luxury  
of self-  
expression!

## Creating an impeccable legacy together

Our tiles are inspired by the best things around the world.

So you can bring in a glimpse of the evenings of Paris and also the coral water reefs with our tiles.

You can add a dash of the magnificence of the Amazonian Forest or feel the bliss of the holy Ganges with our tiles.

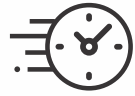

You may feel the vivaciousness of the

Moroccan Bazaars or the grandness of the Grand Canyon or the calmness of the tropical rain forests with our tiles. We bring all this and much more into your spaces.

We are inspired by the spellbinding flora, the majestic fauna and everything amazing in the world.

**Note:** Colours shown are as accurate as the limitations of the printing results on paper are possible. Prospective customers are advised to inspect a sample of the tile before placing the order. Every effort has been taken to ensure the accuracy of the information given. However, the company reserves its right to change/alter the specifications without any prior notice. Sometime shade variation or size variation may occur, as this is inherent property of ceramic tile industry. Before fixing the tiles, all are advised to follow the laying instructions printed on the corrugated box of the tile. Company does not take/carry any responsibility of what so ever nature, once tiles are laid.
